

### Silver Falls Siberian Cats 2-year Genetic Guarantee

1. If at any point, you are unable to care for you cat, please contact Silver Falls Siberian cats and we will make arrangements to take your cat back. Please do not surrender to a shelter.
2. You are required to abide by the conditions under which your cat was purchased. If you purchased as a pet, your cat must be spayed or neutered by 6-months of age. If you purchased a female for breeding, she is not to be bred before one year of age.
3. The genetic guarantee covers from the time of pick-up until your cat reaches two years of age. There is no guarantee after age two.
4. Although Silver Falls Siberian kittens have a healthy kitten check with our veterinarian before going to their new homes, we recommend that you make an appointment with your own vet no later than the timing for the next vaccination.
5. Vet bills are the sole responsibility of the owner listed below and will not be covered by Silver Falls Siberian cats under any circumstances.
6. **A 2-year genetic guarantee** is provided due to the untimely death of your cat based on causes that are determined to be genetic in origin.
